PROFILE

Designer and developer completing a B.Sc. with a Minor in Game Design at the American University in Cairo (Spring 2027). Designs and builds for the screen, from a full-stack web application to original game concepts, playable games and editorial layouts. Works across Figma, Adobe Photoshop, Illustrator and InDesign, Canva, and HTML, CSS and JavaScript.

DESIGN AND WEB PROJECTS

- **EasyEnroll Course Planner (web application):** Designed and developed a full-stack course planning app with a drag-and-drop scheduling interface, automatic clash and prerequisite checks, Google Calendar integration and an AI chatbot.
- **Three Game Concepts (design deck):** Conceived and presented three original games for PC and mobile (Daydream, The Neural Timescale, The Night Shift), defining mechanics, rules, controls and win conditions, each backed by case studies of published games.
- **Ball Frenzy and Moth to a Flame (video games):** Built a physics arcade game around momentum and precision control, and an atmospheric game driven by light-based mechanics.
- **Level and Board Game Design:** Designed and built a Donkey Kong platformer level focused on vertical pacing, and created Toro2 Mokhtalefa, a tabletop strategy game with asymmetric rules and resource management.
- **Design Foundations Portfolio:** Produced story, music and poster design projects exploring composition, visual narrative and prototyping.

DESIGN EXPERIENCE AND TRAINING

- **Layout Designer, AUC Caravan newsletter:** Design page layouts for the university's student publication.
- **Head, HEYA Does:** Lead a student team, coordinating its work and deliverables.
- **Devcom Scholarship x Gaming Academy (2024):** Awarded a scholarship to a 6-week industry-led game development boot camp, and attended the Devcom Developer Conference 2024.
- **Trainee, Vodafone CodeLikeAGirl:** Completed a coding and web development programme.

EDUCATION

American University in Cairo (AUC) Sep 2022 – Spring 2027 (expected)
B.Sc. in Cybersecurity, Minor in Game Design

Heritage International School, High School Diploma (Canadian Curriculum), High Honors Jun 2022
ICT Award for outstanding computing skills
